Specification Clauses 16, 165

U90 General Ventilation - Domestic

Specification Clauses 36, 38, 61, 360, 380, 505

Product Specification Code

ALUM: Rytons LV99ALUM.

BAA: Rytons LV99BAA.

BRAS: Rytons LV99BRAS.

Size

242mm (L) x 242mm (H).

R14 AutoCAD drawing available by e-mail.

Free Area

11919mm² (119.19cm²) (18¼"²) per unit.

Composition

ALUM: 0.8mm (20 gauge) aluminium.

BAA: 0.8mm (20 gauge) brass anodised aluminium.

BRAS: 0.9mm (20 gauge) solid brass.

Melting Point

Aluminium: 500°C

Brass: 800°C

Colours

ALUM: Self colour aluminium.

BAA: Brass.

BRAS: Polished brass.

Specification Paragraph

Technical Data Sheet

Rytons Metal Louvre Ventilators '9x9'

Installation

Position over opening and fasten into place.

UK Regulations, Standards and Guidelines

For heat producing appliances (including solid fuel) refer to:

The Building Regulations 2000, Approved Document J.

The Building (Scotland) Regulations 2004, Mandatory Standard 3.21.

The Building Regulations (Northern Ireland) 2000, Technical Booklet L.

British Standard BS 5440-2:2000.

For decorative fuel effect gas fires refer to:

British Standard BS 5871-3:2005.

Handling Information

Box quantities: 25 number.

Box weights: LV99ALUM 3kg, LV99BAA 3kg, LV99BRAS 11kg.

Questions

Are aluminium louvre vents suitable for external use in a marine environment?

Aluminium is not suitable for use in a marine environment. Grade 3/6 stainless steel would be suitable.

Can I point the louvres backwards for a flush finish?

Yes, all Rytons metal Louvre Ventilators are surface mounted so can be fitted with louvres facing forwards as standard or backwards for a flush finish.

Are there any other sizes and finishes available?

Contact our sales office for up to date details of non-standard sizes and finishes.

Please recycle printouts where facilities exist.
